

May 2023 Bolivia Update

Greetings dear friends, supporters and prayer partners,

I am looking forward to returning to Bolivia and being involved first hand with these three main projects shown above.

The first project, "The Gospel of John" video, is in the hands of JAARS who do the final audio control check and rendering of the video. This has been over a two year project with over 800 audio clips, 12 speakers from the Ayore language group, and hours of editing, dubbing, checking and listening to all the parts. Please pray with us that the video will be done and in my hands before I leave for Bolivia mid May.

The second project is continuing to work on our Conference Center in La Cruz. This picture is pretty much up to date. We have lots of decisions to make, more lumber to cut, and the screening in of the building to keep out as many bugs as possible. We need to decide on what kind of seats to use - benches or chairs. How should we fill in the ends, with leaves, screen or wood? We would like to keep the building as open as possible so fresh air can travel through it and yet keep out bugs and other flying night life. Rainy season has slowed down the work some as heat, humidity and bugs are always a problem. Plus most of our workers are busy planting their gardens as that is a very important part of survival in jungle life.

The third project is a big one. Our goal is to buy as many solar radios as we can and get them to those who travel the river systems in northern Bolivia. Three different language groups live on these river systems. We have purchased 300 flash drives and we are loading them with Bible programs that will go with each radio we send out. I'm really excited about getting audio material out to these isolated families. We have recorded Bible programs in their language by speakers from the groups they represent.

On these three web sites you can help financially with these three projects if you desire.

<https://ethnos360.org/projects/chimane-conference-center-construction>

Please pray as the Lord leads:

1. For a safe journey to Bolivia May 15th - June 7th
2. There is a huge Ayore Conference coming up May 15-May 20th. Please pray the Gospel of John video will be ready and I can get it to them in time.
3. The Conference Center project is making good progress. Please pray for the right ideas in how to complete it so it is totally functional and useful.

4. Please pray for the radio distribution. The radios will be carried by canoe, plane, and on foot to isolated areas where these families live.

With grateful hearts we pray that the Lord will bless each and every one of you. Thank you so much for those of you that continue to pray and give to help with this ministry. We really appreciate each one of you.

Sincerely in Christ our Lord,

Bruce and Jan Johnson
